## Headline Fixers

**Directions:** The following headlines are written incorrectly. They are missing capitalization or punctuation. Rewrite each headline correctly so it follows standard **headline-style capitalization rules** (capitalize the first and last words, all major words, and proper nouns; do not capitalize small words like *of*, *in*, *and*, *with* unless they are the first or last word). Add punctuation only if necessary.

1. city mayor announces new library in chicago

2. students win science fair at lincoln middle school

3. president visits europe during summer tour

4. parade held on independence day in july

5. local team wins state championship after close game

6. storm warning issued for atlantic coast on friday

7. famous artist opens exhibit at metropolitan museum of art

8. movie the lion king returns to theaters this weekend
