## Film Review Fix Answer Key

### Corrected Film Review:

Last Saturday, I watched the movie *Frozen II* at the Regal Cinema in New York City. The movie stars Elsa, Anna, and Olaf as they go on a magical adventure. My favorite scene was when Olaf said some very funny jokes, and the whole audience laughed out loud. It was hilarious! I think *Frozen II* is even better than the first *Frozen* movie. Have you seen it yet?

### Teacher Notes

- Students must identify **both capitalization and punctuation errors**. Common fixes include:
  - Capitalizing **days** (Saturday), **names** (Elsa, Anna, Olaf), **cities** (New York City), and **titles** (*Frozen II*).
  - Adding **commas** in lists (Elsa, Anna, and Olaf).
  - Inserting proper **end punctuation** (periods, exclamation points, question marks).
  - Capitalizing **I** consistently.
- Extension: Have students write a **short film review** of their own with at least three intentional errors, then swap papers with a partner for editing.
