

Name \_\_\_\_\_

## Effect Predictions

**Directions:** Read each cause below. Then write a logical effect that could happen next. Be creative, but make sure your answer makes sense.

1. The science fair project fell off the table and the glass container shattered.  
Effect: \_\_\_\_\_
2. The power went out in the entire school.  
Effect: \_\_\_\_\_
3. Jake left his umbrella at home even though the weather forecast said rain.  
Effect: \_\_\_\_\_
4. The cafeteria ran out of pizza at lunchtime.  
Effect: \_\_\_\_\_
5. A new amusement park opened in the city last weekend.  
Effect: \_\_\_\_\_

**Paragraph Prediction:** Read the passage. Predict what effect will happen next.

During the night, strong winds knocked several large branches onto the road leading to school. In the morning, drivers found the road blocked with heavy debris.

Predicted Effect: \_\_\_\_\_

**Write Your Own:** Write one cause in a sentence, then predict a logical effect.

Cause: \_\_\_\_\_

Predicted Effect: \_\_\_\_\_
