## Cause-Effect Fixers

**Directions:** Each passage below has at least one cause-and-effect relationship written incorrectly. Identify the error and rewrite the sentences so the causes and effects are in the correct order.

1. The streets were covered in water because people wore raincoats. The storm made everyone stay indoors.

Corrected: \_\_\_\_\_

---

2. The science experiment exploded because the classroom smelled like smoke. The students had mixed too many chemicals together.

Corrected: \_\_\_\_\_

---

3. The dog barked loudly because the neighbors complained. The delivery truck had pulled into the driveway.

Corrected: \_\_\_\_\_

---

4. The basketball team celebrated because the fans cheered. They had just won the championship game.

Corrected: \_\_\_\_\_

---

**Fix and Write:** Write a short paragraph (3-4 sentences) with at least one cause-and-effect mistake. Trade with a partner to find and fix each other's errors.
