## Theme Wrap-Up

**Directions:** Read the passage carefully. Identify the **theme** of the story. Answer the **reflection prompt** in 3-4 sentences, explaining why this theme is important in real life. Keep your answer short but thoughtful; it should feel like a quick wrap-up to the lesson.

### The Old Oak Tree

In the center of the park stood an ancient oak tree with wide branches. Children played beneath it, families picnicked nearby, and elders rested in its shade.

One year, a strong storm broke many branches, and the townspeople feared the tree might not survive. Some argued it should be cut down, while others wanted to give it time. Through the seasons, tiny green shoots appeared where the branches had fallen.

By the following summer, the tree was full of new leaves, stronger than before. The community gathered beneath it again, reminded of how resilience brings renewal.
