Teacher's Guide

- Read all definitions aloud before students begin. This helps early readers understand each clue clearly.
- Encourage students to say the **ch** sound each time they test a word from the bank. This reinforces blend recognition.
- For extra support, allow students to cover the word bank and listen to you read the words aloud one at a time.
- **Extension ideas:**
 - Have students draw one of the words and write a sentence using it.
 - Challenge students to come up with a new **ch** word and create their own kid-friendly definition.
