

Name _____

Ch Sound Seekers Answer Key

Pictures that begin with the ch sound:

- chick
- cheese
- chalk
- chain
- cherry

Teacher's Guide

- Review the **ch** sound with students before starting. Say each word aloud and have students echo the sound at the beginning of each.
- For students who need extra support, provide a simple gesture for **ch** (like pretending to chomp) to help them remember the sound.
- Encourage students to say each picture name out loud instead of guessing. This reinforces phonemic awareness.
- Extension idea: Have students draw one new **ch** word of their own and label it. For more challenge, mix **ch** with other beginning blends and have students sort the words into beginning sound groups.
