

Name _____

Value Test

Directions: Read each scenario. Identify the character's core value being tested, then explain how the character's choice shows or reshapes that value. Use complete sentences.

Scenario 1: Mira promised her friend she would help set up for the school science fair. Later that day, she was invited to join a special art workshop she had wanted to attend for months. Both events were at the same time, and she had to decide.

What value is being tested? _____

How does the character's choice reveal or reshape that value?

Scenario 2: During a group project, Eli realized their solution would not work as planned. Everyone else insisted they keep going because they were almost finished. Eli knew the right thing to do was admit the mistake, but speaking up would slow the group down.

What value is being tested? _____

How does the character's choice reveal or reshape that value?

Scenario 3: A classmate who often ignored Zoe suddenly needed help studying for a quiz. Zoe knew she understood the topic well, but she remembered how that classmate had treated her before. She now had to decide whether to help.

What value is being tested? _____

How does the character's choice reveal or reshape that value?
