Study Buddy Analysis

1. **Difficulty Level:** The quiz was just right - not too hard but still made me think. I knew some facts but missed details like "pyramids."

2. **ChatGPT's Feedback:** It told me when I was wrong but also explained *why* - that helped me remember.

3. **Helpful Explanations:** Yes. When ChatGPT explained why an answer was right, I learned more than if it just said "Correct" or "Wrong."
