## Teacher's Guide

- Quick implementation: Review where the payee, date, amount, written amount, and memo belong on a check before students begin.
- Differentiation: Have students underline each needed detail on the bill before transferring it to the check.
- Differentiation: Provide a number-word reference for students who need support writing larger amounts.
- Engagement: Have students act as bill-payment clerks and check a partner's completed payments for accuracy.
- Extension: Give students a fictional bill with a different expense and have them create a correctly completed check for it.
