Ocean Ending

Directions: Read the short passage summary below. Think about how the story ends for the mermaid. In the **Illustration Box**, draw a picture that shows the ending. In the **Explanation Box**, write 3-4 sentences explaining your drawing and how it connects to the story's ending.

The Little Mermaid longed to live on land with the prince. She gave up her voice in exchange for legs, but the prince married another. Heartbroken, she faced a choice: harm the prince to save herself or accept her fate. She chose kindness, turning into sea foam, but was lifted into the air as a spirit, showing her sacrifice and purity.
