### Teacher's Guide:

- **Skill Focus:** Vocabulary enrichment, figurative language, and positive word choice.
- **Differentiation Tips:**
  - For younger or developing writers, provide a word bank of adjectives (e.g., kind, joyful, brave, generous).
  - For advanced students, challenge them to use idioms such as "every cloud has a silver lining" or "the sky's the limit."
- **Engagement Idea:** Create a "Class Fortune Wall" where students decorate paper cookies and write their favorite messages inside.
- **Extension Activity:** Connect to cultural learning-have students research real Chinese idioms or proverbs that express similar positivity.
- **Cross-Curricular Link:** Use the completed fortunes as a writing prompt for creative stories about good luck, friendship, or self-growth during the New Year season.
