- **Differentiation Tips:**
 - For younger or emerging readers, provide image cards of each symbol to support matching.
 - For advanced learners, have students write full sentences explaining each symbol's meaning.
- **Engagement Idea:** Create a "Chinese New Year Wall of Symbols" in class where each student decorates and labels one symbol.
- **Extension Activity:**
 - Discuss how these symbols compare to symbols from other celebrations (e.g., hearts for Valentine's Day or pumpkins for Halloween).
 - Encourage students to research and present one additional symbol not listed in the worksheet (like firecrackers or zodiac animals).
- **Cross-Curricular Link:** Integrate art by having students make paper lanterns or draw red envelopes while discussing their meanings.
