Teacher's Guide:

- **Differentiation Tips:**
 - For emerging writers, model one example sentence as a class before students write their own.
 - For advanced students, challenge them to include adjectives or figurative language in each sentence.
- **Engagement Idea:** Create a "Lunar Vocabulary Wall" where students display their best sentences decorated with small lantern drawings.
- **Extension Activity:** Ask students to research one new Chinese New Year word not listed (e.g., zodiac, dumpling, ancestor) and use it in a creative story.
