## Complete The Sequence

**Directions:** Read the passage carefully and look for the missing step. Write what you think the missing step should be to make the sequence complete. Then, answer the comprehension questions below in complete sentences.

### *Baking Cookies*

Maya wanted to bake cookies for her family. She gathered flour, sugar, butter, and eggs on the counter. (**Missing Step**). After that, she placed the dough on a baking sheet in small scoops. Finally, she slid the tray into the oven and set the timer.

### Comprehension Questions

1. What did Maya do first before making the cookies?

2. What step is missing between gathering ingredients and placing dough on the tray?

3. What happened after she scooped dough onto the baking sheet?

4. Why is it important to notice missing steps in a process or story?
