

Name _____

Camping Sequence Repair

Directions: Here is a paragraph where the sentences are scrambled. Rewrite the sentences into the correct order to make the story flow in time.

The Camping Trip

They sat around the fire, roasted marshmallows, and told stories. First, Mia and her family set up their tent at the campsite. At the end of the night, they zipped up their sleeping bags and went to bed. Then, they went for a short hike on the trail near the river.

Rewrite the paragraph in the correct chronological order. After rewriting, circle any **signal words** (e.g., *first*, *then*, *at the end*). Then, write one more sentence of your own to continue the story logically.
