Camping Sequence Repair Answer Key

Correct Chronological Order:

1. First, Mia and her family set up their tent at the campsite.
2. Then, they went for a short hike on the trail near the river.
3. They sat around the fire, roasted marshmallows, and told stories.
4. At the end of the night, they zipped up their sleeping bags and went to bed.

Signal Words (to underline/circle): *First, Then, At the end*

Sample Additional Sentence (answers may vary):

The next morning, they woke up early to watch the sunrise.

Teacher Notes / Guide

- This activity strengthens sequencing skills by requiring a **rewrite**, not just numbering.
- Encourage students to check if their version “reads smoothly” by reading it aloud.
- Allow flexibility in the extension sentence, as long as it logically follows the ordered events.
- For extra challenge: remove signal words and see if students can still order the sentences correctly.
