

Bake & Sequence Answer Key

Process Organizer - Correct Order:

1. Gather ingredients: flour, sugar, eggs, butter, and milk.
2. Grease a pan so the cake won't stick.
3. Crack eggs into a bowl and mix with sugar, butter, and milk.
4. Add flour slowly and stir until smooth.
5. Pour the batter into the pan.
6. Bake until golden brown, then remove and let cool.
7. Add frosting or decorations before serving.

Sample Student Extra Step:

Cut the cake into slices and share with friends/family.

Teacher Notes / Guide

- This activity blends **informational reading** with **sequencing practice**.
- Emphasize transition words (*begin, slowly, when, finally*) as built-in time signals.
- Students' added final step should be logical (e.g., slicing, eating, cleaning up).
- Extension: have students create their own *how-to* mini text (e.g., "How to Brush a Dog" or "How to Build a Sandcastle") and swap with peers to map the steps.
