Name _____

A Beginner's Mission to Meet Claude AI

Welcome to your first conversation with **Claude AI**, a smart chatbot built to help humans learn, create, and explore ideas. Your job today is to **get to know Claude**-what it is, what it does, and how it "thinks."You'll chat with Claude, write down what you discover, and reflect on how it feels to talk to artificial intelligence. Grab your keyboard, open Claude, and get ready to ask some questions!

Activity: Meet Claude!: Step 1 - Say Hello

Type this into Claude: "Hi Claude! Who are you?"

Write Claude's answer here:

_____

_____

Step 2 - What Can You Do? - Type this into Claude:

"What kinds of things can you help people with?"

List **three** things Claude says it can do:

    1. _____

    2. _____

    3. _____

Step 3 - Ask Something Fun - Now, think of something creative or silly to ask Claude. (Example: "Can you write a joke about homework?" or "What would a robot dream about?") Write your question here:

_____

Write Claude's response here:

_____

_____

_____

Step 4 - Reflect and React - Answer the following in your own words:

    1. What surprised you about Claude's answers?

    2. Did Claude sound like a person or more like a computer? Why?

    3. What's one thing you want to ask Claude next time?
