## Cloud Type Sketches

Use the boxes below to **sketch and label** each cloud type. Under each sketch, write a short note about what kind of weather that cloud usually brings. You don't need to be an artist, simple shapes with labels are enough!

**1. Cirrus** - (Draw thin, wispy streaks high in the box)

Label: \_\_\_\_\_

Weather Note: \_\_\_\_\_

**4. Cumulonimbus**

(Draw a tall tower reaching upward, with an anvil top)
