### Teacher's Guide

- Review the purpose of signal words and how they help readers follow **comparisons** and **contrasts**.
- Model how the same word can sometimes work for both, depending on sentence structure.
- For differentiation:
  - Provide example sentences where students identify how the signal word is used.
  - Give struggling writers a shorter list or allow partner work.
- For engagement:
  - Play a quick round where students sort additional words on sticky notes into P, T, or B categories.
- For extension:
  - Have students write a paragraph that uses at least one signal word from each category.
