

Name _____

Text-to-Comparison

Directions: Read the short facts from two sources. Then write compare and contrast sentences that correctly **embed evidence** using transitions and quotation marks.

Source A

Fact: The river otter can stay underwater for up to eight minutes, according to the Wildlife Study Group.

Source B

Fact: The sea otter floats on its back to eat, as described in Marine Life Review.

1. Write a sentence that **compares** the two animals using evidence from both sources.

2. Write a sentence that **contrasts** the two animals using evidence from both sources.

3. Write a second **contrast** sentence that embeds the evidence differently (use a new transition).
