

## From Plan To Paragraphs

**Directions:** Use the detailed outline below to write a full multi-paragraph compare and contrast essay. Follow the outline closely, turning each section into clear, well-developed paragraphs. Use at least five paragraphs and follow the structure of the outline.

**Topic:** Online Classes vs. In Person Classes

### I. Introduction

- Hook: Many students today experience both online and in person learning.
- Background: Schools often offer a mix of digital and classroom based instruction.
- Thesis: Although both types of classes aim to teach students effectively, they differ in **interaction**, **structure**, and **learning environment**.

### II. Body Paragraph 1: Interaction

- Similarity: Both allow students to communicate with teachers.
- Difference 1: Online classes use messages, video calls, and chat features.
- Difference 2: In person classes allow real time discussions and face to face questions.
- Why it matters: Communication can affect participation and understanding.

### III. Body Paragraph 2: Structure

- Similarity: Both require assignments, deadlines, and instructions.
- Difference 1: Online classes often allow flexible work time.
- Difference 2: In person classes follow a set daily schedule.
- Why it matters: Structure affects time management and student habits.

### IV. Body Paragraph 3: Learning Environment

- Similarity: Both expect students to focus and complete work.
- Difference 1: Online learning usually happens at home or another personal space.
- Difference 2: In person learning happens in a classroom with peers.
- Why it matters: Environment can influence motivation and distractions.

### V. Conclusion

- Restate thesis in a fresh way.
- Summarize the main similarities and differences.
- End with a final thought on how both settings can support learning when used well.
