

Name _____

Gadget Showdown

Directions: Read the short compare and contrast prompt. Write three clear differences between the two items. Then choose the strongest difference and use it to write one well-developed paragraph.

Kids often use both a digital tablet and a spiral notebook for schoolwork, but they are not the same. A digital tablet lets students type, swipe, search, and store large amounts of information in one device. A spiral notebook is made of paper pages that must be written on by hand, turned manually, and carried separately. Even though both tools help with learning, they offer very different experiences.

Part A: List Three Differences

1. _____
2. _____
3. _____

Part B: Choose the Strongest Difference

Write the difference you think is the **most important**:

Part C: Build Your Paragraph

Use the strongest difference from Part B to write one clear paragraph explaining why it matters. Include at least two supporting details.
