

Name _____

Table Tracker

Directions: Study the table. Answer each question by comparing the fractions and decimals.

Trail Walk Distances

Trail	Distance (km)
Pine Path	$\frac{3}{4}$
River Run	0.80
Lake Loop	$\frac{5}{8}$
Hill Climb	0.70
Forest Way	$\frac{9}{10}$

1) Which trail is the longest?

2) Which trail is the shortest?

3) Write the trails from least to greatest distance.

4) Compare Pine Path and Hill Climb.

$\frac{3}{4}$ km ____ 0.70 km

5) Compare Lake Loop and River Run.

$\frac{5}{8}$ km ____ 0.80 km

6) Compare Forest Way and River Run.

$\frac{9}{10}$ km ____ 0.80 km

7) Which trails are longer than $\frac{3}{4}$ km?

8) Which trails are less than 0.70 km?
