Teacher's Guide

- **Objective:** Students connect national symbols to abstract ideas like freedom, unity, and democracy through short written sentences.
- **Differentiation Tips:**
 - *Younger students (Grades 2-3):* Provide picture prompts or sentence starters such as "The ___ stands for..."
 - *Older students (Grades 4+):* Encourage use of adjectives and symbolism ("The eagle's wings spread wide to show freedom for all").
- **Engagement Ideas:**
 - Play a quick "Symbol Guess" game-describe a symbol's meaning, and students name it.
 - Display real or printed images of each symbol to spark discussion.
- **Extension Activities:**
 - Have students research another symbol not listed (e.g., the Liberty Tree or Uncle Sam).
 - Invite creative writing: students write a mini-poem or pledge about one symbol.
 - Integrate art by designing a class "Freedom Mural" showing all discussed symbols.
