

## Decodable Match Quest Answer Key

### Matches:

1. cat
2. hat
3. sun
4. pig
5. map
6. log
7. bed
8. fish

### Sample Extension Sentences (answers will vary):

- The **fish** swims near the **log**.
- The **pig** is under the **sun**.
- I have a **map** in my **hat**.

### Teacher Notes / Guide

- **Purpose:** This activity strengthens **decodable text fluency** by having students read simple CVC words, match them to familiar objects, and reread them in context.
- **Implementation:**
  - Project or provide small printed pictures, or allow students to sketch quickly beside each description.
  - Begin with choral reading of the word bank before students match.
  - Encourage students to say both the word and the picture aloud after matching for reinforcement.
- **Fluency Tip:** Have students practice reading the matched words in rhythmic patterns (clap once for each word) to build pacing and automaticity.
