

Name _____

From Function to Form

Function First

Below are five mystery items with only their **function** known. For each, follow the steps:

1. Read the object's function.
2. Infer the object's physical form: Size, Shape, Material, Texture, Color, Parts/Mechanics
3. Write a short paragraph (3–5 sentences) describing the object as if someone were seeing it for the first time.

Artifact 1: Function: This object is used to catch falling rain and keep a person dry.

Your Description:

Artifact 2: Function: This tool helps people see in complete darkness by emitting a focused beam of light.

Your Description:

Artifact 3: Function: This device helps people find which direction is north when they are lost.

Your Description:

Artifact 4: Function: This container is used to hold hot liquids without burning the hands of the user.

Your Description:

Artifact 5: Function: This ancient instrument produces sound by blowing air through it and was once used to signal during battles.

Your Description:
