Simile & Metaphor Hunt Answer Key

Here are **model responses** for each artifact to help inspire and guide students:

Cracked Crystal Orb

Simile 1: The surface was as jagged as shattered ice.

Simile 2: Its glow was like moonlight trapped in glass.

Metaphor: The orb was a broken window into forgotten futures.

Paragraph:

The cracked crystal orb was as jagged as shattered ice, each fracture catching light like lightning frozen mid-strike. Its glow was like moonlight trapped in glass, faint and mysterious. The orb was a broken window into forgotten futures, humming softly in the quiet room.
