World Snapshot Builder

Directions: Create your own imaginary place. Use the guiding questions to describe its landscape, structures, and atmosphere in strong detail.

1. What is the name of your imaginary world or location?
2. What does the **landscape** look like? (terrain, colors, natural features)
3. What kinds of **structures** exist there? Are they built by people, creatures, or something else?
4. What is the **atmosphere** like? Is it calm, glowing, stormy, eerie, or something else? What creates this feeling?
5. What kinds of **sounds** can be heard in this place?
6. Are there any **movement** details that make the place come alive? (Example ideas: drifting lights, shifting sand, floating buildings, rustling vegetation.)
7. Describe one **unique feature** no real place has.
8. Write a short descriptive paragraph that brings your imaginary world to life.
