Colors And Mood

Directions: Choose one scene from the list. Write a descriptive paragraph that uses dominant colors to create atmosphere or an emotional effect. Focus on how the colors shape the feeling of the scene.

Pick one of these to describe:

1. A market filled with umbrellas and fabric stalls on a windy afternoon.
2. A quiet forest clearing just before sunset.
3. A city street lit by storefront signs after rain.
4. A snowy hill at early morning when the sky is changing colors.
5. A beach at low tide with tide pools scattered across the sand.
