

Name _____

Sensory Sort Fun Answer Key

- Sight: sparkly, bright
- Sound: crunchy, whisper, silent
- Smell: stinky, smoky, minty
- Taste: salty, sour, sweet, minty
- Touch: warm, smooth, bumpy, soft

(Note: Minty can be both smell and taste. Accept either or both.)

Teacher's Guide

- Use this worksheet to help young students build **sensory vocabulary** that supports descriptive writing skills.
- Encourage students to read each word aloud and act it out if helpful. Movement supports memory for Grades K to 2.
- Provide word cards for students who need hands-on sorting support.
- Offer extension by asking students to draw or write one object for each sense that matches the words they sorted.
- For additional challenge, prompt advanced students to create a short descriptive sentence using at least three sorted sensory words.
