

Name \_\_\_\_\_

## Diphthong Sentence Builders Answer Key

1. soil
2. mouse
3. cloud
4. boy
5. coin
6. town
7. toy
8. brown

### Teacher's Guide

- This worksheet strengthens recognition of **diphthong spelling patterns** while giving students practice using the words in meaningful context. Encourage students to read each sentence aloud before choosing a word.
- For learners who need support, display the word bank with the diphthong patterns bolded and let students sort the words by pattern before completing the sentences.
- Keep engagement high by letting students illustrate one completed sentence or act out a sentence using simple props.
- For extension, ask students to write two new sentences using different diphthong words or to create their own small word bank for a partner to use.
