

Name \_\_\_\_\_

## Sound Sort Station Answer Key

**oi:** coin, soil

**oy:** boy, toy

**ou:** cloud, mouse

**ow:** cow, window

### Teacher's Guide

- Use this activity to build recognition of **sound and spelling patterns** for diphthongs. Encourage students to say each picture name aloud before sorting.
- Support early readers by previewing each picture and modeling how to stretch the sounds to hear the diphthong.
- For differentiation, allow some students to trace or write the words under each glued picture to reinforce the pattern. Provide a word bank for students who need additional help.
- For extension, have advanced students draw one more picture for each diphthong pattern or write a short sentence using one word from each column.
