Error Detective

Instructions: Each problem below has the parts of a division equation **labeled incorrectly**. Your job is to be the "Error Detective" — cross out the wrong labels and write the correct ones.

1. $20 \div 5 = 4$

   Labeled: Dividend = 5, Divisor = 20, Quotient = 4

2. $27 \div 4 = 6 \text{ R}3$

   Labeled: Dividend = 4, Divisor = 27, Quotient = 3, Remainder = 6

3. $56 \div 8 = 7$

   Labeled: Dividend = 7, Divisor = 56, Quotient = 8

4. $19 \div 6 = 3 \text{ R}1$

   Labeled: Dividend = 19, Divisor = 3, Quotient = 6, Remainder = 1

5. $63 \div 7 = 9$

   Labeled: Dividend = 7, Divisor = 9, Quotient = 63

6. $45 \div 9 = 5$

   Labeled: Dividend = 9, Divisor = 5, Quotient = 45

7. $29 \div 5 = 5 \text{ R}4$

   Labeled: Dividend = 5, Divisor = 4, Quotient = 29, Remainder = 5

8. $72 \div 12 = 6$

   Labeled: Dividend = 12, Divisor = 72, Quotient = 6

9. $50 \div 8 = 6 \text{ R}2$

   Labeled: Dividend = 2, Divisor = 50, Quotient = 8, Remainder = 6

10. $81 \div 9 = 9$

    Labeled: Dividend = 9, Divisor = 9, Quotient = 81
