

Name \_\_\_\_\_

# Division on a Number Line

**Instructions:** "Look at the number line, count how many jumps there are and write the division that represents that pattern."

|                                                                                            |                               |
|--------------------------------------------------------------------------------------------|-------------------------------|
| 1.<br>   | $\_\_\_ \div \_\_\_ = \_\_\_$ |
| 2.<br>  | $\_\_\_ \div \_\_\_ = \_\_\_$ |
| 3.<br> | $\_\_\_ \div \_\_\_ = \_\_\_$ |
| 4.<br> | $\_\_\_ \div \_\_\_ = \_\_\_$ |
| 5.<br> | $\_\_\_ \div \_\_\_ = \_\_\_$ |
