Teacher's Guide

- **Objective:** Students identify and correct common mistakes using **do**, **does**, and **did** in questions, then apply learning through a real-world conversation format.
- **Differentiation Tips:**
 - Review question structures before beginning (e.g., Do + subject + base verb).
 - Allow ELL students to underline helping verbs before replacing incorrect ones.
- **Engagement Ideas:**
 - Let students role-play as "reporters" and "athletes" to bring the corrected script to life.
 - Encourage groups to record their interviews and play them for feedback on correct usage.
