## A Day In The Garden

**Directions:** Read the short passage carefully. Underline every word that uses **do**, **does**, or **did**. Then answer the three questions that follow about the passage and verb tense.

Every morning, Max helps his dad in the garden. He does most of the watering while his dad pulls weeds. Max always says, "I do love how the plants grow so fast!" Last weekend, his sister Lily helped too, but she did not like getting dirt on her shoes. Their dad laughed and said, "You both do a great job." After they finished, Max asked, "Did we water all the flowers?" His dad smiled and said, "Yes, we sure did."
