## Cast of La Mancha

**Directions:** Below are brief descriptions of important characters from *Don Quixote*. Match each description with the correct character by writing the corresponding letter next to each number.

- |  |                        |
|--|------------------------|
| 1. The skinny, aging horse ridden into battle, treated as a mighty steed by its master.        | A. Don Quixote         |
| 2. A friend who joins with another townsman to burn books of chivalry, hoping to cure madness. | B. Sancho Panza        |
| 3. Another companion from town who tries to protect the would-be knight from his delusions.    | C. Dulcinea del Toboso |
| 4. A nobleman who imagines himself a knight-errant and vows to defend the helpless.            | D. Rocinante           |
| 5. A practical, loyal squire who often provides comic relief and down-to-earth wisdom.         | E. The Barber          |
| 6. An ordinary peasant woman idealized as the hero's "lady love."                              | F. The Priest          |

Briefly explain how **Don Quixote's** imagination changes the way others around him act or respond.
