

Name _____

Detect The Doubles

Directions: Read the passage. Highlight or underline all words that contain **double consonants**. Then answer the questions.

Molly and her class visited a small pet shelter for a science project. She spotted a fluffy rabbit sitting in a wooden pen and began petting it gently. Another kitten was hopping around a basket, trying to wiggle out a toy. Molly felt happy when the animals followed her, especially when the rabbit kept nibbling on a carrot she dropped.

1. Which animal did Molly pet first?

2. What was the kitten doing in the basket?

3. What food did the rabbit nibble?
