Teacher's Guide

Skill Focus:

- Students identify **double consonant patterns** in a connected text and apply decoding strategies.
- Supports fluency and spelling recognition, especially for words formed from CVC bases.

Differentiation Tips:

- Provide color coding options to help emerging readers distinguish double consonant patterns.
- Offer advanced readers an extra challenge by having them explain whether each double consonant occurs because of a suffix, a base word pattern, or a spelling convention.

Engagement Ideas:

- Read the passage aloud and let students raise a hand each time they hear a doubled consonant word.
- Create a class chart listing the double consonant words and sort them by suffix type or no suffix.
