Every cookie smelled delicious when it came out of the oven.
3. Each friend in my group brought a different snack.
Every friend laughed at the same joke.
4. Each tree in the park was planted by a volunteer.
Every tree grows taller in the summer.
5. Each dog in the show had a ribbon.
Every dog barked loudly when the bell rang.

Teacher's Guide

Teaching Focus:

- Builds understanding of how **each** focuses on individuals while **every** refers to all members of a group collectively.
- Encourages students to apply determiners in creative, self-generated sentences to deepen comprehension.

Differentiation Tips:

- For struggling learners: Provide sentence starters (e.g., "Each student..." or "Every day...").
- For advanced learners: Ask them to write a short paragraph that includes both **each** and **every** accurately in context.

Engagement Ideas:

- Create a "Sentence Gallery" where students share their best pair of sentences on the board.
- Conduct a mini-competition for the most original or funniest correct pair.
