

Name _____

Science Expo Fix

Directions: Read the passage below carefully. Some uses of **each** and **every** are incorrect. Edit the passage by replacing the wrong determiners with the correct ones.

During the school's annual Science Expo, every of the students had a chance to present their experiment. The event took place in the gym, where each tables displayed a unique project. Every of the judges moved from one display to another, taking notes and asking questions. Lila and her partner tested the effects of light on plant growth, while Max created a volcano model that erupted foam across every of the nearby tables. At the end of the day, the teachers gave every of the participants a certificate and thanked each of them for their hard work.
