Teacher's Guide

Teaching Focus:

- Reinforces understanding of **each** (for individual focus) and **every** (for group or repeated actions).
- Ideal for Grades **3-4** as a short review or assessment after initial instruction.

Differentiation Tips:

- For struggling learners: Provide examples on the board using simple visuals (e.g., "each apple" vs. "every apple").
- For advanced learners: Have them create two new sentences showing the difference between the two words.

Engagement Ideas:

- Turn this into a quick quiz game where students hold up "Each" or "Every" cards for answers.
- Read sentences aloud dramatically to make choosing the correct determiner fun and memorable.

Extension Activities:

- Ask students to write a short paragraph about their school day using **each** and **every** correctly at least once.
- Pair students to review and correct one another's sentences for accurate determiner use.
