### Teacher's Guide

#### Teaching Focus:

- Reinforces understanding of **each** (used for individuals) vs. **every** (used for groups or repeated actions).
- Ideal for Grades **3-4**, connecting grammar with a short, engaging story.

#### Differentiation Tips:

- For struggling learners: Read the passage aloud and pause at each blank for oral discussion of the correct determiner.
- For advanced learners: Have them explain why **each** or **every** fits in context or rewrite one sentence using the other determiner (if possible).

#### Engagement Ideas:

- Act out the story using props (packets, watering cans, etc.) to visualize where "each" and "every" apply.
- Let students highlight examples of repetition or individuality in the story.

#### Extension Activities:

- Have students write their own short story about a classroom or playground activity using **each** and **every** at least twice.
- Encourage peer review: students exchange stories and underline the determiners used correctly.
