## Choice Talk Answer Key

1. neither
2. either
3. neither
4. either
5. neither
6. either
7. neither
8. neither
9. either
10. either

### Teacher's Guide

- **Skill Focus:** Strengthens understanding of **either** (for positive or possible choices) and **neither** (for rejecting or excluding both options) in natural conversation.
- **Differentiation Tips:**
  - Have students read dialogues aloud in pairs to reinforce context and intonation.
  - Offer visual cue cards with "positive" and "negative" sides for students who need extra help deciding which determiner fits.
- **Engagement Idea:** Turn the dialogues into mini role-plays where students act out each situation, adding one new line of their own.
- **Extension Activity:** Challenge students to write a new two-line dialogue for a real-life situation using **either** and **neither** correctly, then share with the class.
