

Name _____

Better Arguments

Directions: Choose between two real-world options below and write a short persuasive paragraph (5-6 sentences) explaining your choice. Use **either** and **neither** correctly at least twice in your paragraph.

Prompt Choices:

1. Would you rather have **online classes or in-person classes**?
2. Would you rather live **in the city or the countryside**?
3. Would you rather own **a dog or a cat**?

Example Starter: If I had to choose, I'd pick in-person classes because they help me stay focused. I don't think either online or in-person learning is perfect, but one offers more interaction. Neither method is easy all the time, yet both can help students succeed in different ways.

Now it's your turn-pick one prompt and write your paragraph below!
