Teacher's Guide

- **Skill Focus:** Students learn to apply **either** and **neither** in real-life choice or rejection scenarios, building confidence with practical sentence contexts.
- **Differentiation Tips:**
 - For visual learners, use simple pictures (two food items, two toys) and have students say sentences aloud before writing.
 - Provide extra oral practice with quick "This or That" questions to reinforce usage.
- **Engagement Idea:** Turn the worksheet into a "Choice Challenge" game where pairs take turns making up new real-life examples using both determiners.
- **Extension Activity:** Ask students to write a short paragraph about a day at school using **either** and **neither** at least twice each, then share aloud for peer feedback.
