### Teacher's Guide

- **Differentiation Tips**
  - Review target ending blends first: st, mp, nt, lt, nd.
  - Encourage students needing support to tap out the ending sounds and match them to the clue.
  - Offer advanced learners the chance to explain why the incorrect options do not fit the meaning.
- **Engagement Ideas**
  - Turn choices into a quick game where students hold up fingers 1, 2, or 3 to show their answers.
  - Allow partners to read clues aloud and check each other's reasoning.
- **Extension Activities**
  - Have students write their own clue and three word choices using an ending blend.
  - Invite them to sort all correct answers by the ending blend used.
