Teacher's Guide

- **Differentiation Tips**

- Review common ending blends such as st, mp, lt, nt, nd before starting.
- Provide a chart of real blend words for learners who need extra support.
- Allow advanced students to explain why incorrect words do not match real English patterns.

- **Engagement Ideas**

- Turn it into a detective activity where students circle the part of the word that is incorrect before writing the corrected version.
- Have students compare answers with a partner and justify their corrections.

- **Extension Activities**

- Ask students to use three corrected words in original sentences.
- Let students create their own mix-up words and trade with classmates to correct.
